

HOW COLORED BRAIN WORKS

EACH COLOR HAS UNIQUE WAYS TO PERCEIVE INFORMATION & THE WORLD AROUND THEM

EACH COLOR HAS A UNIQUE PROCESS TO MAKE SENSE OF WHAT THEY EXPERIENCE

EACH COLOR HAS A UNIQUE WAY TO FORM STRUCTURES, CONCLUSIONS, BARRIERS AND SOLUTIONS

NEEDS STRUCTURE TO ACHIEVE CLARITY. NEED CLARITY TO ACT. CLARITY IS A PRODUCT OF STRUCTURING AND CROSS REFERENCING FACTS.

NOTHING IS CONNECTED, MUST TAKE ACTION TO ACHIEVE CLARITY. SHAPES AND RESHAPES AS ACTION MANIFESTS PARTS OF BIGGER RESULT

EVERYTHING IS CONNECTED THROUGH DATA AND DETAILS. COMBINES ALL INFO TO CREATE OPTIONS, THEN ACTS ON BEST OPTION

ACTIVE ACCESS TO SUBCONSCIOUS EXPERIENCE SUPPORTS ACUTE AWARENESS OF SURROUNDINGS. ACTION IS INTERLACED WITH "FEELING"

CLARITY IS ACHIEVED

ACTION

EACH COLOR TAKES ACTION IN ACCORDANCE WITH THEIR OWN SYSTEM OF ACHIEVING CLARITY
